Университет ИТМО Кафедра ВТ

Организация ЭВМ и систем Лабораторная работа №1 Вариант 2

Выполнил: Романов Олег

Преподаватель: Скорубский В.И.

```
Program size: data=45 xdata=0 code=70 Time= 809 - 389 = 420 [msec]
```

```
#include <reg51.h>
main() {
    char code str[18] = "This programmator!";
    char data nstr[36];
    unsigned char data i, j = 0;

    for (i = 0; i < 18; ++i){
        nstr[j++] = str[i];

        if (str[i] == 'r'){
            nstr[j++] = ' ';
        }
    }
}</pre>
```

C indirect

```
Program size: data=45 xdata=0 code=71
Time = 798 - 389 = 409 [msec]
```

ASM

Program Size: data=38.0 xdata=0 code=50
